CONFIDENTIAL**CONCLUSIONS OF INTERAGENCY TASK FORCE ON
FOREIGN ASSISTANCE/CENTRAL AMERICA
MEETING, Thursday, August 2.**

1. Jackson Plan in the Senate. There have been extensive consultations throughout the day with key Congressional players on what is the best option to pursue without a foreign assistance authorization bill. A consensus appears to be developing around seeking passage of a truncated version of the House Foreign Aid Bill, pared down to the Mathias or Broomfield-Murtha versions of the Jackson Plan. We should have a clearer picture of the end of the week. In the meantime, ARA and H should begin to prepare a floor book.

2. PY-84 Omnibus Supplemental in the Senate. Senator Hatfield completed markup of the bill August 2. The Kasten figures on Central America containing the Administration's request were approved without change. Senator Inouye made no move to reduce military assistance but stated his intention to "raise the issue on the floor." He did not state that he would offer an amendment.

It was agreed that the Secretary should be asked to telephone Inouye (H action) and that ARA will provide him with information concerning his questions on military reform and the Sheraton case in El Salvador.

Floor action could occur as early as Tuesday. Telephone call assignments and talking points are being prepared by H for calls to begin on Monday. A floor book should be prepared by ARA and H.

3. PY-85 Appropriations in the House. Doc Long continued his markup, completing development assistance and ESP. He will markup the military assistance request on August 7. The subcommittee markup effectively reduced the Jackson Plan request of \$1.1 billion by \$172 million with the dropping of earmarked assistance for Guatemala (\$35 million) and regional programs (\$137 million).
